Sree Harsha Chinta

Hyderabad, TS

munna.mar11@gmail.com

9492370993

Summary

I am an accomplished Software Developer recognized for my unwavering "Can Do" attitude, work ethic, and rapid learning aptitude. My reputation as a responsible and committed team member is built on a foundation of consistently delivering high-quality results. I take pride in my dedication to excellence, making me a valuable addition to any organization.

Experience

Sureify

SDE III • Hyderabad, TS   11/2021 - Present

At Sureify, I began as a Frontend developer and subsequently evolved into a Fullstack developer. Today, I am proud to lead a team of six professionals. Our team is responsible for driving the delivery efforts for a prominent insurance company in the United States through our work with Sureify.

Infosys

Systems Engineer • Bengaluru, KA   10/2019 - 11/2021

I am a member of a dynamic team specializing in crafting UI solutions for our valued clients. During my two-year tenure at Infosys, I've had the privilege to contribute to a diverse portfolio of projects, both minor and major.

Skills

ReactJS, PHP, Node.js, Redux, MySQL, Redis, MongoDB

Education

Gayatri Vidya Parisad College Of Engineering (Autonomous)

Electrical & Electronics Engineering • Visakhapatnam, Andhra Pradesh   04/2019
