Sree Harsha Chinta

Hyderabad, TS

munna.mar11@gmail.com

9492370993

Summary

I am a hardworking individual with a relentless drive to achieve excellence in all that I do. With a dependable nature, I consistently deliver results that exceed expectations. My ability to quickly grasp new concepts and adapt to changing environments sets me apart.

Experience

Sureify

Senior Software Engineer • Hyderabad, TS   10/2023 - Present

Upon joining Sureify, I served as a Frontend React developer, resolving critical issues and enhancing features. Transitioning to Backend with PHP, I contributed to the database-driven Lifetime Acquire app, acquiring new skills and responsibilities. This included feature development, deployment streamlining, PI Plannings, and mentoring. Simultaneously, I worked on Coreconnect, facilitating data processing for Insurance Carriers' legacy systems.

Sureify

Software Engineer III • Hyderabad, TS   10/2022 - 09/2023

Sureify

Software Engineer II • Hyderabad, TS   11/2021 - 09/2022

Infosys

Systems Engineer • Bengaluru, KA   10/2019 - 11/2021

At Infosys, I received comprehensive training as a MERN stack developer. Shortly thereafter, I transitioned to a role within the UI Solutions team, where I collaborated with my colleagues to develop numerous small-scale React applications.

Skills

ReactJS, Redux, JavaScript, Node.js, MySQL, Redis, PostgreSQL, Typescript, Styled Components, PHP, MongoDB, SPFX, SharePoint, MUI

Education

Gayatri Vidya Parisad College Of Engineering (Autonomous)

Electrical & Electronics Engineering • Visakhapatnam, Andhra Pradesh   04/2019
